2021 TWELVE YEAR PROGRAM UPDATE REGIONAL TRANSPORTATION SURVEY SUMMARY

LANCASTER COUNTY TRANSPORTATION COORDINATING COMMITTEE (LCTCC)

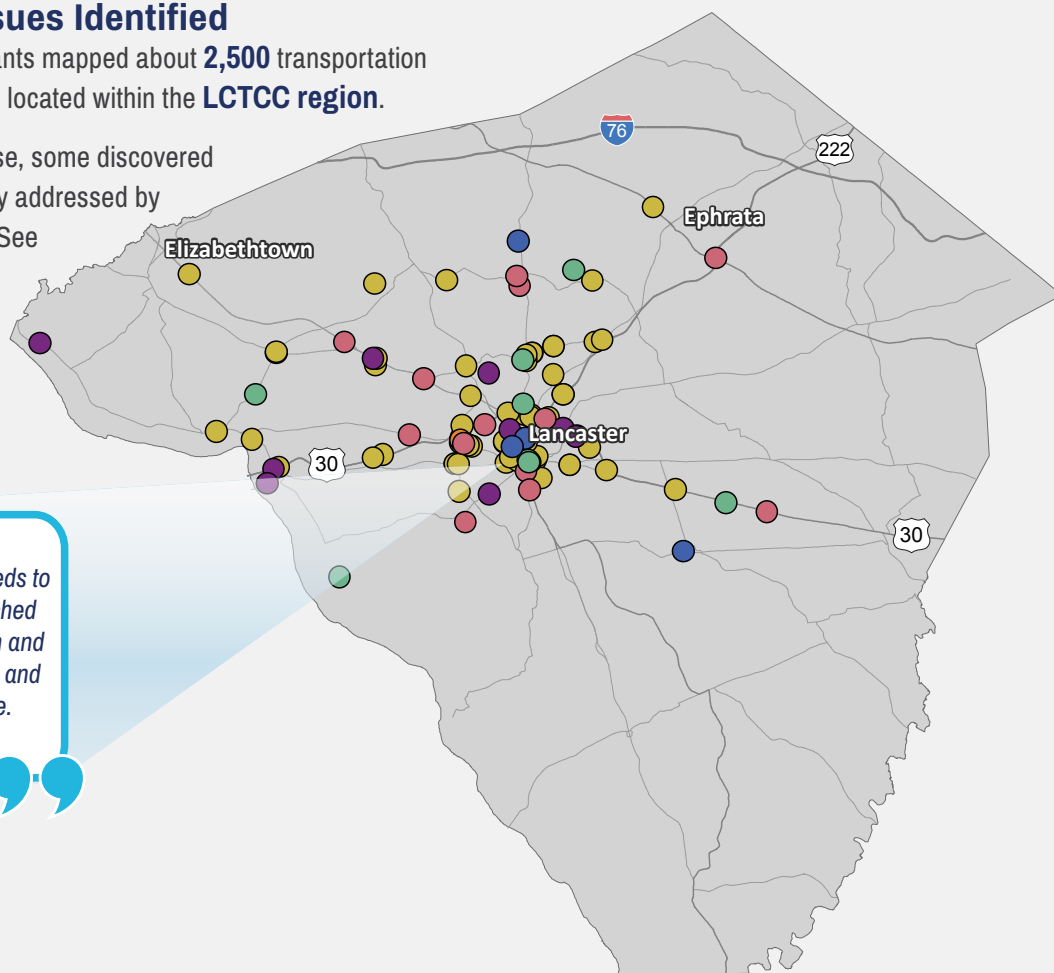

A CLOSER LOOK AT YOUR REGION

The State Transportation Commission's 45-day open public comment period for the 2021 Twelve Year Program (TYP) Update was held March 11 through April 26, 2019. During the comment period, the public had the opportunity to take the Transportation Survey and participate in an online public meeting on either a webinar platform or Facebook Live. All public feedback received was analyzed to better understand public priorities and transportation trends.

Transportation Issues Identified

Statewide, survey participants mapped about **2,500** transportation concerns. **110** of these are located within the **LCTCC region**.

During the mapping exercise, some discovered their concerns were already addressed by projects on the 2019 TYP. See the map and data below for more details.

This roadway desperately needs to be resurfaced. Years of patched potholes make it very uneven and difficult to navigate on a bike and uncomfortable in a vehicle.

Local Survey Participant

Number Of Issues Identified

The icons below correspond with the same color dots on the map.

Examples of 2019 TYP projects that addressed public concerns

- US 222 and 322 Intersection Improvement
- Orange Street Resurfacing
- US 30 Intersection Improvement
- Centerville Road Interchange Improvement
- Prince Street Resurfacing
