WAYNE COUNTY

A CLOSER LOOK AT YOUR REGION

The State Transportation Commission's 45-day open public comment period for the 2021 Twelve Year Program (TYP) Update was held March 11 through April 26, 2019. During the comment period, the public had the opportunity to take the Transportation Survey and participate in an online public meeting on either a webinar platform or Facebook Live. All public feedback received was analyzed to better understand public priorities and transportation trends.

During the mapping exercise, some discovered their concerns were already addressed by projects on the 2019 TYP. See the map and data below for more details.

Many spots along this road have poor drainage. Ice in winter as a result and standing water when warm enough not to be ice erode the pavement and create potholes and damage to edges of roadway.
